Presentations, conference papers and posters in 2012

Agergaard J. Fighting sarcopenia - the effect of milk protein supplementation and low load resistance exercise in elderly. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Akbari M. Speaker, Active aging symposium, University of Copenhagen, 7 September.

Akbari M. Speaker, Scientific Advisory Board meeting (SAB), Congress Center, Snekkersten, 28 September.

Andersen JL. Sarcopenia, why do old people loose skeletal muscle. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Andersen MC. Georges Canguilhem and the Contemporary Sciences of Life. Presentation at Aarhus University, Skagen, Denmark, 22 May.

Andersen MC. Working with Fatigue. SAB Meeting, Center for Healthy Ageing, Snekkersten, Denmark, 28 September.

Andersen JL. Adaptation of skeletal muscle to strength training, Implications for performance. Scandinavian Congress of Medicine and Science in Sports. 20 September, Malmø, Sweden.

Andersen TM. Metabolic profile in Inuit and Danish children. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Avlund K. What do we know about the significance of physical activity for the aging process? Conference on active ageing and solidarity between generations. Arranged by the Danish Presidency of the Council of the European Union, January.

Avlund K. Interdisciplinary research. Barriers and facilitators. CESA-Workshop on interdisciplinary and ageing research, January.
Avlund K. *Fatigue in older adults.* 21st Nordic Congress of Gerontology, Copenhagen.

Bergersen LH. *Lactate, a volume transmitter in the brain.* Brain Mind Institute, School of Life Sciences, École Polytechnique Fédérale de Lausanne, Switzerland, 21 November.

Bergersen LH. *Mitochondrial DNA Damage in Hippocampus.* GDN4 – Genome Dynamics in Neuroscience: Genome instability in aging and brain disease, University of Oslo, Norway 21 September.

Bergersen LH. *Lactate a volume transmitter in the brain.* 2012 INF Conference, The Department of Neuroscience and Pharmacology, University of Copenhagen, 2 February.

Bertoli A. *Danish STS on Display: Sensing, Knowing, Intervening.* Danish Association for Science and Technology Studies 2012 conference, University of Copenhagen, Copenhagen, Denmark.

Bertoli A. *What does it mean to do STS at the margins?* 4S/EASST pre-conference doctoral workshop, Copenhagen Business School, Copenhagen, Denmark.

Bertoli A. Presentation at internal project seminar, Medical Museion, University of Copenhagen.

Bertoli A. Presentation at 2nd annual Network for Young Scholars “Active Aging” conference, University of Copenhagen, Copenhagen, Denmark.

Bertoli A. Presentation at the annual CEHA retreat, Snekkersten, Denmark, 28 September.

Beyer N. Symposium lecture: *Maximising rehabilitation for the oldest patients.* 12th Annual Spring Meeting on Cardiovascular Nursing, Copenhagen 17 March.

Bayer ML. *Human tendon cells ex vivo: The hard life of soft cells.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Beyer N. *Measuring muscle function and physical activity.* CEHA seminar Obergurgl, Austria, 27 April 3- May.
Beyer N. Symposium lecture: *How can we optimise physical training regimes for older people?* 8th World Congress on Active Ageing, Glasgow, UK, 16 August.

Beyer N. Key-note lecture: *Physical activity in older people?* 2nd annual NYS conference "Active Aging". Network for Young Scholars (NYS) in CEHA, 7 September.

Bieler T. *Muscle power and self-efficacy beliefs - may be a determining factor for physical function in elderly with osteoarthritis of the hip.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Blaakilde AL. *Folkloristik, fest og familie.* Invited paper at Symposium in honor of ass. professor Karin Lützen, 60 years, Roskilde University, 19 April.

Blaakilde AL. *Narrative spørgsmål til kropslige fænomener i en material-turn sammenhæng.* Presentation at 2nd. Eksplorative workshop, Nordic Network for Studies in Narrativity and Medicine, University of Copenhagen, 7-8 September.

Blaakilde AL, Petersen SG, Yazici S, Nielsen SS, Krasnik A. *Health practices among elderly Turkish migrants in Denmark. Health, Culture and the Human Body. Epidemiology, Ethics, and History of Medicine, Perspectives from Turkey and Central Europe.* Istanbul University, Turkey, 13-15 September.

Bülow MH. “*Queer ageing and norms of success*, Design and Displacement – social studies of science and technology. 4S/EASST joint conference, Copenhagen Business School, Copenhagen, 17-20 October.

Boesen A. *Influence of human growth hormone on human tendon and skeletal muscle tissue after immobilization and rehabilitation in young and elderly men*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Brønnum-Hansen H. *Life expectancy and health expectancy research in Denmark with focus on social inequality*. Joint Action European Health & Life expectancy Information System, Enlarged Steering Committee Meeting, Paris, 19 April.

Bülow MH. *Network for Young Scholars – purpose and activities*, presentation, CEHA annual retreat, 28 September.

Bülow MH. *Ageing and the Monstrous*. MUSE workshop, Medical Museion, University of Copenhagen, 20 September.

Bülow MH. Chair of keynote and plenary sessions 1 and 3, “Active Aging” 2nd Annual Network for Young Scholars Conference, University of Copenhagen, Copenhagen, 7 September.
Bülow MH. *Ontologies of ageing: Historical and new materialist perspectives on ageing research*, presentation, MUSE workshop, Medical Museion, University of Copenhagen, 16 May.

Bülow MH. *Ontologies of Ageing*. Presentation, Theme Genus Seminar, Theme Genus, Linköping University, Linköping, Sweden, 7 May.

Bønnelycke J, Striegler S, Olsen ML. *Forebyggende Selvmonitorering: Resultater*. Presentation at the ”Lev Vel” closing seminar, April.

Couppé C. *Muscle strength & tendon tissue properties*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Dela F. *From insulin resistance to the metabolic syndrome*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Dela F. *Measuring insulin sensitivity in vivo*. EHA seminar Obergurgl, Austria, 27 April 3- May.

Dela F. *What is a good paper*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Dela F. *Insulin resistance, type 2 diabetes and mitochondria*. Washington University, St. Louis, USA. Seminar. October.

Dela F. *Decreased mitochondrial function in skeletal muscle from Simvastatin treated patients*. 3rd Targeting Mitochondria conference, Berlin, Germany, 8-9 November.

Dela F. *Insulin resistance and Mitochondrial function*. 5th symposium for the YIN – Muscle Fitness Group, Copenhagen, Denmark, November.

Desler C. Speaker, Mitochondria in Biology and Medicine, November, Gandhinagar, India.

Desler C. Speaker, CEHA SAB Meeting, September 2012, Snekkersten, Denmark.

Frisgaard Øhlenschlæger T. *Use of ultrasonography in the clinic - Possibilities for research*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Gram Jensen M. *The Effect of Two Weeks of Immobilization and 6 weeks of Subsequent Aerobic Training on Mitochondrial Respiration in Young Healthy Men*. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.
Gram Jensen M. *Are the mitochondria to blame?* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Gram Jensen H, Hansen AV. *Immobilization as a model for inactivity.* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Hansen AV. *Human Skeletal Muscle Lipase and Perilipin protein 2, 3 and 5 Expression Varies with Insulin Sensitivity.* CEHA SAB MEETING/RETREAT, Snekkersten, 28 September.

Hansen AV. *Active or inactive lifestyle in young and old – What's the difference?* 2nd annual NYS conference "Active Aging". Network for Young Scholars (NYS) in CEHA, 7 September.

Hansen CN. *Western Blot.* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Hansen M. *Insulin sensitivity before and after gastric bypass in type 2 diabetes patients and normal glucose tolerance subjects.* Scandinavian Society for Study of Diabetes (SSSD), Helsingør, 11-13 May.

Hansen M. *Measuring the glucose production of the liver using stable isotopes.* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Harboe Nielsen R. *Effect of IGF-I on collagen synthesis in old and young human tendons.* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Heinemeier K. *Matrix in muscle and tendon: role of exercise.* CEHA seminar Obergurgl, Austria, 27 April 3-May.

Heinemeier K. *Gene expression by Real time RT quantitative PCR.* CEHA seminar Obergurgl, Austria, 27 April 3-May.
Heinemeier K. *How inert is human tendon tissue? Mechanical loading of the musculo-tendinous matrix tissue in health and disease*. International seminar, Copenhagen, August.

Heisterberg MF. Extensive monitoring through multiple blood samples in professional soccer players. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Helge JW. *Carbohydrate and fat combustion with exercise*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Helge JW. *Measuring VO2max in healthy and aging humans*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Helge JW. *What is a good oral presentation?* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Helge JW. Invited speaker. *Substrate metabolism during exercise in the cold*. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Helge JW. *Fuel utilization, exercise training and skeletal muscle insulin resistance*. Washington University, St. Louis, USA. Seminar. October.

Herchenhan A. *Stimulating factors on tendon, growth in vitro*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Hickson ID. *MRC Protein Phosphorylation Unit*. University of Dundee, January, Scotland, UK.

Hickson ID. Department of Biology, University of Aarhus, May, Aarhus, Denmark.

Hickson ID. Keynote Speaker, Swiss Meeting on ‘Genome Stability’, June, Weggis, Switzerland.
Hickson ID. Speaker, 3rd Erling Seeberg Conference on DNA Repair, June, Trondheim, Norway.

Hickson ID. Speaker, EMBO Workshop on ‘Structure specific nucleases in DNA replication and repair’, September, Cote d’Azur, France.

Hickson ID. Speaker, 4th Conference on ‘Genome Damage in Aging and Neuroscience’, September, Oslo, Norway.

Hickson ID. Speaker, EMBO Members Conference, November, Heidelberg, Germany.

Holm L. A snapshot in time of substrate kinetics. CEHA seminar Obergurgl, Austria, 27 April 3-May.

Jensen MB. Speaker, Molecular Genetics of Aging, Cold Spring Harbor, USA, 12 October.

Jensen MB. Speaker, ICMM yearly meeting, University of Copenhagen, Denmark. 29 November.

Jespersen AP. Design through displacement- the design of a clinical trial on overweight and exercise. Design and Displacement – social studies of science and technology. 4S/EASST joint conference, Copenhagen Business School, Copenhagen, 17-20 October.

Keijzers G. Speaker, Chromosomal Biology Club University of Copenhagen, Denmark, 20 June.

Kjaer M. Key-note lecture: *Adaptation of tendinous connective tissue to exercise.* 3rd Int Fascia Research Congress, Vancouver, Canada, March.

Kjaer M. *What is a good paper - and how to write one? A personal view*. CEHA seminar Obergurgl, Austria, 27 April- 3 May.

Kjaer M. Plenary lecture: *What is tendinopathy and why does it happen - with special focus on patella tendon IOC*. Int. Sports Medicine Course, Oslo, June.

Kjaer M. Plenary lecture: *What goes on in the tendon when it is loaded and overloaded.* Scand Congress of Rheumatology, Copenhagen, Denmark, September.

Kjaer M. Plenary lecture: Collagen turnover in tendon loading and overloading: Is there anything to be learned from non-equine models? Havemeyer Foundation Symposium on Tendon, Estes Park, Colorado, USA, September.

Kjaer M. Plenary lecture: Protein turnover of connective tissues in healthy and injured athletes. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Kjaer M. Plenary lecture: Ageing in tendons and connective tissues. 100th Congress of Deutsche Geselshaft für Sportmedizin, Berlin, October.

Kjaer M. Plenary lecture: Strength training for functional capacity and health in the elderly. 8th Int Conference on Strength Training, Norwegian Sports Science University, Oslo, October.

Kraunsøe R. Biochemical lab analyses: calibration and control. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Kriegbaum M. Sleep Medications and Mortality: Does Socioeconomic Position, Intelligence, Cohabitation and Psychiatric Disease Explain the Association? GSA 65th Annual Scientific Meeting, San Diego, USA.

Krasnik A. Use of Cross-Border Healthcare Services among Ethnic Danes, Turkish Immigrants and Turkish Descendants in Denmark: a combined survey and registry study. EUPHA Conference, Malta, November.

Kriegbaum M. The Joint effect of Cynical Hostility and low occupational social class on all cause mortality. 29th European Conference on Psychosomatic Research, Århus, Denmark.

Kriegbaum M. Does the associations between broken partnership and myocardial infarction depend on time since broken partnership? 9th Danish National Stress Conference, Copenhagen, Denmark.

Kristensen MM. miRNA methods. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Kristensen MM, Bork Jensen J, Vaag A, Dela F. Low physical activity influences the expression of miRNAs in human muscle tissue. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.
Kristensen MM. *Low physical activity influences the expression of miRNAs in human muscle tissue.* CEHA SAB MEETING/RETREAT, Snekkersten, 28 September.

Langberg H. *What is a good oral presentation: A very personal view.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Larsen S. *Determination of mitochondrial function.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Lassen AJ. *Working on the aging body through active aging technologies,* presentation at the conference “Active Aging” arranged by Network for Young Scholars (CESA), Copenhagen, 7 September.

Lassen AJ, Bønnelycke J. *Health technology innovation and the social constitution of aging.* Presentation at the 4S/EASST Annual Meeting, Copenhagen, 19 October.

Lassen AJ. *Working on the aging body through active aging and health technologies.* Presentation at the International Society for Cultural History annual conference, Luneville, France, 3 July.

Lassen AJ. *Age and disease at an arm’s length: How active aging and health technologies change the expectations towards late life.* Presentation at the 32nd Nordic Ethnology and Folklore Conference, Bergen, Norway, 19 June.

Lassen AJ. *Activity as disciplining and gifting: The ‘in common’ of communities of active aging.* Presentation at the annual Nordic Congress of Gerontology, Copenhagen, 11 June.

Lauritzen M. Presentation “*Incidence and metabolic effects of spontaneous and evoked glial calcium waves in mouse cerebellar cortex in vivo*” at Bioenergetics of Neurological Disease and Aging, 10th International Conference on Brain Energy Metabolism, April.

Lauritzen M. Presentation “*Local Control of Brain Oxygen Consumption in Relation to Activity in Neurons and Astrocytes, and Changes with Age*” at GDN4 Genome Dynamics in Neuroscience, Genome Instability in Aging and Brain Disease, Oslo, September.

Lauritzen M. Presentation “*Cellular control of brain blood flow and energy metabolism*” at ICMM annual meeting, LO-skolen, Helsingør, 29-30 November.

Leidersdorff CJ. *Existence of inert proteins in mature animals.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Lund MT. *Skeletal muscle and matrix in aging. Body composition by Dexta and MRI.* CEHA seminar Obergurgl, Austria, 27 April 3- May.
Lund MT. *Insulin sensitivity does not correlate with mitochondrial function: Studies in gastric bypass patients.* EASD Berlin, Germany, 1-5 October.

Lund MT. *Can you train the gut?* 5th symposium for the YIN – Muscle Fitness Group, Copenhagen, Denmark, November.

Lund R. *Do demands and worries from close social relations increase the risk of subsequent incident IHD hospitalization? A 7 year longitudinal study of middle-aged Danish men and women.* Society of Social Medicine 56th annual meeting, London, England, 12-14 September.

Løvind Andersen J. *Muscle fibre typing and immunohistochemistry, the practical use of fibre typing in human skeletal muscle.* CEHA seminar Obergurgl, Austria, 27 April 3- May.

Mackey AL. *Role of matrix turnover for recovery after overloading in human skeletal muscle.* Mechanical loading of the musculo-tendinous matrix tissue in health and disease. The Royal Academy of Sciences, Copenhagen, Denmark, 23-25 August.

Magnusson P. *Mechanical forces of different hierarchical levels in the human tendon. Mechanical loading of the musculo-tendinous matrix tissue in health and disease.* International seminar, Copenhagen, August.

Mankouri H. Speaker, Center for Healthy Aging Retreat, September, Snekkersten, Denmark.

Mathiesen, C. Presentation “*Incidence and metabolic effects of spontaneous and evoked glial calcium waves in mouse cerebellar cortex in vivo*” at Bioenergetics of Neurological Disease and Aging, 10th International Conference on Brain Energy Metabolism, April.

Mathiesen C. Presentation “*Aging increase glial wave activity in cerebellar cortex*” at CEHA SAB meeting, September.

Mathiesen C. Presentation “*Vicious circle of aging, hypoxia, and astroglial calcium wave*” at CEHA Active Aging, October.

Maynard S. Speaker, CEHA retreat, 28 September, Snekkersten, Denmark.

Mänty M. *Fatigability in basic indoor mobility and grip strength in nonagenarians: a prospective longitudinal study.* 21st Nordic Conference in Gerontology, Copenhagen, Denmark, 12 June.
Mänty M. Fatigability in basic indoor mobility and grip strength in nonagenarians: a prospective longitudinal study. The Gerontological Society of America, 65th annual scientific meeting, San Diego, USA, 15 November.

Nilsson CJ. Mobility-related fatigue; a focus on social relations and social position. 2nd Interdisciplinary Annual Network of Young Scholars Conference, Center for Healthy Aging, University of Copenhagen. Copenhagen, 7 September.

Nixon MS. Dilemmas in discontinuing medication in elderly patients. Nordic Gerontology Congress, Copenhagen, 12 June.

Nixon MS. Social aspects of medication discontinuation. Nordic Cochrane Centre, Copenhagen, 17 December.

Osler K, Avlund K, Mortensen El. Socioeconomic position early in life, cognitive development and cognitive change from young adulthood to middle-age. CEHA SAB meeting, Snekkersten, Denmark, 28 September.

Oxlund B. To monitor or to motivate. The case of pedometers and blood pressure meters in the practices of elderly Danish women. Presented at the workshop: Participatory Moves as Parasitic Relations in Senior Healthcare at the IT University, Copenhagen, 1 June.

Oxlund B. Of widows and bachelors: Uncertainties of the later life course in Denmark. Presentation at the European Association of Social Anthropologists’ Biannual Meeting at Nanterre University, France, 11 July.
Oxlund B. *Working on your own longevity: Fitness as an integral part of active aging*. Presentation at the Conference on Active Aging organized by the Network of Young Scholars of the Centre for Healthy Aging, University of Copenhagen. 7 September.

Oxlund B. *Living by numbers – The Young Old’s Use of Measurement Technologies in the Danish Provinces*. Presentation at the workshop: Numbers – Empirical Stories and Analytical Framings, Ruhr-Universität Bochum, Germany. 20 September.

Oxlund B. *Globalizing Aging and Life Course Research*. Organised by the Association for Anthropology and Gerontology (AAGE) at the American Anthropological Association Annual Meeting, San Francisco, USA. 17 November.

Pedersen AML. Speaker, PhD Day, Faculty of Health and Medical Sciences, University of Copenhagen, May.

Pedersen AML. Speaker, IADR meeting, June, Iguacu Falls, Brazil.

Pedersen AML. Speaker, PER/IADR meeting, September, Helsinki, Finland.

Pedersen AML. Speaker, Symposium on Dry mouth treatment options, PER/IADR meeting, September, Finland.

Pedersen HP. *HIT in T2D patients*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Pingel J. *The microvascular volume and blood flow in patients with chronic Achilles tendon pain before, after and 24 hours after 1 hour of running exercise*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Prats C. *Microscopy - Limit of resolution*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Rask L. *Single muscle fibers*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Reihmane D. *The effect of physical inactivity on exercise-induced IL-6 release from the leg*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Reitelsleder S. *Resistance exercise, milk protein and muscle protein turnover*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Rasmussen LJ. Speaker, European Society of Human Genetics Meeting, June, Paris, France.

Rasmussen LJ. Speaker, Erling Seeberg Symposium, June, Trondheim, Norway.
Rasmussen LJ. Speaker, Organizer, Chair, Genome Dynamics in Neuroscience, September, Oslo, Norway.

Rasmussen LJ. Speaker, HNPCC-meeting, October, Hvidovre, Denmark.

Rasmussen LJ. Speaker, Chair, Mitochondria in Biology and Medicine, November, Gandhinagar, India.

Rasmussen LJ. Speaker, CEREHA-meeting, November, Galilee, Israel.

Schjerling P. *Are there any good scientific papers? Facts and myths*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Schjerling P. *Microarrays*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Svensson RB. *Determination of passive tissue properties in vitro: Atomic force microscopy*. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Thomasen LS. *Crisis as continuity. Life with a frail body*. Paper delivered at the 5th Annual Conference on Rehabilitation, Odense, 30 October.

Thomasen LS. *Rehabilitating the frail body: An exercise of hope*. Presentation at Masterclass with Kenneth Howse and George Leeson, CEHA program 4, University of Copenhagen, 18 December.

Thomasen LS. *Shrinking worlds and shifting hopes: Aging in a welfare state*. Paper delivered at the 12th EASA Biennial Conference, Nanterre, France 10-13 July.

Thomasen LS. *Rehabilitating the frail body: An exercise of hope*. Paper delivered at the 21st Nordic Congress of Gerontology, Copenhagen, 10-13 June.

Taudorf L, Lund MT, Holst JJ, Dela F. *Physical training influences the secretion of gastro-intestinal hormones*. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Vass M. Annual Scientific Meeting, The Gerontological Society of America. 15 November.
Presentations, conference papers and posters in 2012

Vass M. Discussant at the Symposium: Pro-Active Approach Towards Frailty by Screening and Assessment in Clinical Practice - Results from the Longitudinal Urban Cohort Ageing Study (LUCAS), Hamburg, Germany.

Wadmann S. Emotions in the lab. On extra-ordinary care, extra-services and emotional work in clinical drug testing. Society for Social Studies of Science (4S) & EASST research meeting, Copenhagen, 17-21 October.

Wadmann S. Socioeconomic conditions for knowledge production about preventive, cardiovascular medication: Physician-industry relations. Presentation at the AcademyHealth Research Meeting, Orlando, Florida, USA, June.

Yazici S, Petersen SG, Blaakilde AL, Nielsen SS, Krasnik A. Presentation from a qualitative study among elder Turkish immigrants. Cross-border use of healthcare services among Turkish immigrants in Denmark. Joint seminar - Program 4 and 5, Copenhagen Center for Healthy Aging, University of Copenhagen, 10 May.

Yazici S, Petersen SG, Blaakilde AL, Nilsen SS, Krasnik A. Aging and Health Practices Between Two Cultures: Elderly Turkish Migrants in Denmark. 21st Nordic Conference of Gerontology, Copenhagen, 10-13 June.

Yazici S. Use of Cross-Border Healthcare Services among Ethnic Danes, Turkish Immigrants and Turkish Descendants in Denmark: a combined survey and registry study. The 2nd international and interdisciplinary conference on Health, Culture and the Human Body, Istanbul, Turkey.

Yokota T. Role of Mitochondria in HCM. CEHA seminar Obergurgl, Austria, 27 April 3- May.

Yokota T. Inhibition of the malate-aspartate shuttle during early reperfusion preserves mitochondrial function and attenuates reactive oxygen species production in ischemia/reperfusion injured heart. 3rd Targeting Mitochondria conference, Berlin, Germany, 8-9 November.
Posters

Andersen PR, Christensen KK, Prats C, Poulsen SS, Munch-Andersen T, Morville T, Mattson N, Dela F, Rasmussen H, Helge JW. Is adipose tissue micro inflammation influenced by 14 days prolonged exercise in lean older men? 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Bertoli A. PhD Day 2012 at the Graduate School of Health and Medical Sciences, University of Copenhagen.

Bieler T, Magnusson SP, Kjær M, Beyer N. *Muscle power and self-efficacy beliefs as a determining factor for physical function in people with osteoarthritis of the hip.* 12th International Congress of Behavioral Medicine, 29 August-1 September, Budapest, Hungary.

Desler C. Gordon Research Conference: Mutagenesis, August, RI, USA.

Desler C. Genome Dynamics in Neuroscience, September, Oslo, Norway.

Desler C. Mitochondria in Biology and Medicine, November, Gandhinagar, India.

Hansen AV, Larsen S, N. Stride, Dela F, Helge JW. Statin induced insulin resistance may be caused by decreased DGAT1 expression in skeletal muscle. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Hansen M, Lund M, Helge JW, Dela F. Insulin Sensitivity before and after gastric bypass in type 2 diabetes patients and normal glucose tolerance subjects. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Hansen AV, Morville T, Larsen MR, Munch-Andersen T, Riis P, Kjær K, Dela F, Helge JW. The capacity to recruit and store lipids in skeletal muscle does not adapt to 14 days of very prolonged endurance exercise. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Hansen NL. Presentation of poster ”Decreased task-induced deactivation of the MRI BOLD signal in age-related cognitive decline”. CESA meeting with Nordea reviewers, May.

Heinemeier KM. Proposed tendon overuse model fails to induce pathological changes in rat Achilles tendon and improves mechanical properties. Idrætsmedicinsk Årskongres, Kolding, Denmark, January.
Helge JW. Does low grade inflammation and macrophage infiltration in adipose tissue depots persist in post obese? Benzon Symposia No. 58 Adipose Tissue in Health and Disease, Copenhagen, 27-30 August.

Holm L, Reitelseder S, Dideriksen K, Nielsen RH, Doessing S, Kjaer M. Human muscle protein fractional breakdown rate determined by the disappearance rate of protein-bound alanine pre-labelled with $^2$H via intake of a single bolus of $^2$H$_2$O. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Jellesmark A, Herling SF, Egerod I, Beyer N. Relationship between fear of falling and functional ability 3 months after a hip fracture. MOBEX Seminar, Swiss Federal Institute of Technology Zurich, Switzerland, 13 -14 January.

Jensen MB. IARU Graduate Student Conference, National University of Singapore, Singapore, 29 June.

Jensen MB, Mankouri H. Nordea Foundation site visit, University of Copenhagen, May.

Kildemoes HW. Adherence to preventive statin therapy according to socioeconomic position. 28th International Conference on Pharmacoepidemiology and Therapeutic Risk, Barcelona, 23-26 August.

Kristensen MM, Bork-Jensen J, Vaag A, Dela F. Low physical activity influences the expression of miRNAs in human muscle tissue. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Kristensen MM, Bork-Jensen J, Vaag A, Dela F. The expression of miRNAs in human skeletal muscle is influenced by physical inactivity. EASD Berlin, Germany, 1-5 October.

Kaas E, Tritsaris KJ, Sørensen CE, Dissing S, Pedersen AML. PER/IADR meeting, Helsinki, Finland, September.

Lund M, Hansen M, Dela F, Helge JW. Changes in fat oxidation after voluntary weight loss in morbidly obese patients with or without type 2 diabetes. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Lund MT. Insulin sensitivity does not correlate with mitochondrial function: Studies in gastric bypass patients. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Lund R et al. Negative aspects of close social relations and 10-year incident IHD hospitalization among middle-aged Danes. 9th Stress research conference 31st October, Bispebjerg Hospital, Copenhagen.

Mankouri H. FASEB Yeast Chromosome Structure, Replication & Segregation, July, Steamboat Springs, Co, USA.

Mathiesen C. Presentation of poster “Spontaneous glial calcium waves in aging and hypoxia” to CEHA site-visit, March.

Mathiesen C. Presentation of poster “Activity-dependent increases in local oxygen consumption correlate with post-synaptic currents in the mouse cerebellum in vivo” at Bioenergetics of Neurological Disease and Aging, 10th International Conference on Brain Energy Metabolism, April.

Mathiesen C. Poster presentation “Spontaneous calcium waves in Bergman glia increase with age and hypoxia and may reduce tissue oxygen”, 34th Annual International IEEE EMBS Conference, San Diego, USA, August.

Mathiesen C. Post doc: Poster presentation “Spontaneous calcium waves in Bergman glia increase with age and hypoxia and may reduce tissue oxygen” at ICMM annual meeting, LO-skolen, Helsingør, 29 November.

Maynard S, Desler C. Poster, Nordea Foundation site visit, University of Copenhagen, 22 May.

Mikkelsen UR. The effect of life-long endurance training on systemic inflammation and leg muscle
Presentations, conference papers and posters in 2012

Mänty M. *Fatigability in basic indoor mobility in nonagenarians.* CEHA site visit, 22 May.

Nielsen RH, Clausen NM, Kjær M, Kopchick JJ, Heinemeier KM. *Effect of chronic alterations in the GH/IGF-I axis on muscle connective tissue.* Idrætsmedicinsk Årskongres, Kolding, Denmark, January.

Nielsen RH, Clausen NM, Kjær M, List EO, Kopchick JJ, Heinemeier KM. *Effect of chronic alterations in the GH/IGF-I axis on muscle connective tissue.* PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Nørregaard J, Gram M, Hansen AV, Kuhlman AB, Wiuff C, Helge JW, Dela F. *HDL Concentration is Reduced after Two Weeks of One Leg Immobilisation in Young and Elderly Men.* UNIK annual meeting, Copenhagen, 29 November.

Ponsaing L. Presentation of poster, “Stroke and sleep disordered breathing”, PhD Day, Panum Institute, University of Copenhagen, SUND, 10 May.

Rasmussen LJ, poster, Gordon Research Conference: Mutagenesis, August, RI, USA.

Reihmane D, Hansen AV, Gram Jensen M, Olsen AB, Helge JW, Dela F. The effect of physical inactivity on exercise-induced IL-6 release from the leg. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Reitelseder S, Dideriksen KJ, Nielsen RH, Holm L. Flood-primed continuous tracer infusion allows application of a single biopsy approach for determination of muscle protein fractional synthesis rate. 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.

Schøler M. Is the method for successful health promotion, public involvement and the everyday life? CEHA retreat, 28 September.

Svensson RB, Magnusson SP. Failure properties of collagen fibrils. PhD day, Graduate school of Health and Medical Sciences, University of Copenhagen, 10 May.

Sørensen CE, Tritsaris K, Pedersen AML. CEHA site visit, University of Copenhagen, May.

Waller KJ, Circadian melatonin rhythm in middle-aged males. Forskningens Dag, Glostrup Hospital, October.

Ziegler AK, Grand J, Magnussen K, Dela F, Helge JW. *Donation of 450 ml blood and temporary impact on physical performance in men.* 17th European College of Sports Science Congress. Brügge, Belgium, 4-7 July.
